

Fellow Association members,

I hope that all of you had a wonderful 4th of July celebration whether you were here enjoying our Florida Summer or perhaps somewhere a bit cooler where the humidity doesn't wrap its loving arms around you. I also hope that you are staying healthy during the continuing pandemic.

As we move forward to Fall, we are about to experience one of the greatest spectator sports in the nation. I am not referring to baseball, basketball, Nascar, or the NFL. We are about to experience a Presidential campaign culminating in a Presidential election this November. I am sure that a lot of energy will be expended by all discussing the pros and cons of the potential candidates and the issues surrounding them.

Which brings me to the point of this little epistle. Should you decide to exercise your First Amendment rights and place signs, banners, or flags supporting your candidate or their point of view on your property, it is recommended that you review 9.16 a, b, and c of the covenants and deed restrictions pertaining to signs, flags, and banners.

Thank you for your cooperation in this matter and let's remember to respect the opinions of all during the campaign season.

Be well,

Jack Jackowski
President, Jacaranda West HOA#1
